Ms. Yelverton she is both reliable and dependable. Congresswomen Yvette Clarke

Angelic Kreations organized a dinner the night before at the world renowned restaurant Melbas in Harlem where we felt welcomed at home with Angelics interaction with the mothers' who traveled from across the globe in support of my family and I. Karen Yelverton Of Angelic Kreations stepped onto the sidewalk and with professional precision. She showered the mothers with poetic love and embrace, as she swooned them with her awe inspiring poetic delivery. Karen was flawless. A true word smith. I glanced around, and saw mothers wiping tears from their eyes. The tears continued to flow as everyone gave a thunderous applause. Separately, each woman is a force to reckon with on their own. Together, they are a dynamic duo. The day after at Prospect Park, we planned an artistic community celebration of his life. Where Angelic Kreations performed paying tribute to Eric Garner, his family and movement E.R.I.C Eliminating Racism & Injustice Collectively. It takes a selfless, hard working, heartfelt person to do that work Angelic has done and continues to do. I highly recommend her to organize, host & perform at your next event. We look forward to our continued positive journey. Gwen Carr

Ms. Yelverton's commitment and time to helping the scholar's input their vision and goals into completing their theme song were resilient, admirable while facing a life changing COVID-19 crisis. Teaching a songwriting class through a mask is not an easy task. The SBAAM scholars were quickly engaged as they wrote original lyrics and music and under the direction of Angelic Kreations the scholars performed at SBAAM'S class of 2021 graduation Angelic Kreations song writing program reached our scholars allowing them to identify their strengths, accepting their challenges, while connecting with others outside of their comfort zone.
